

VinMobile 2: Mobile Dashboard

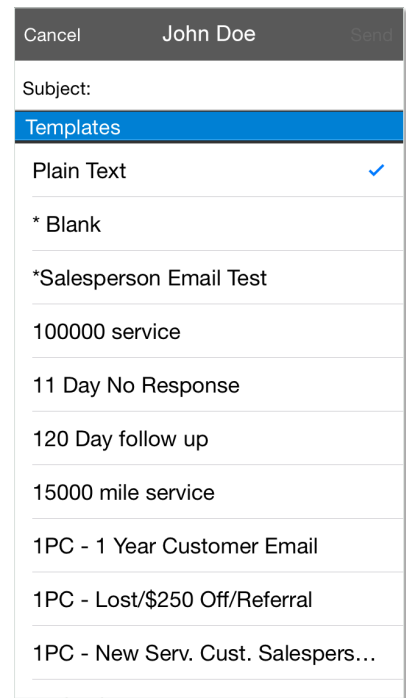

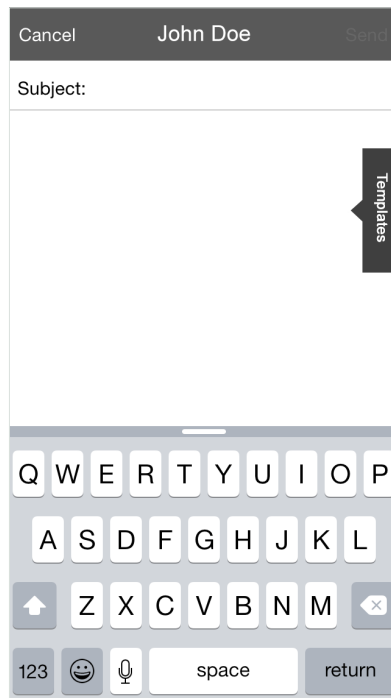

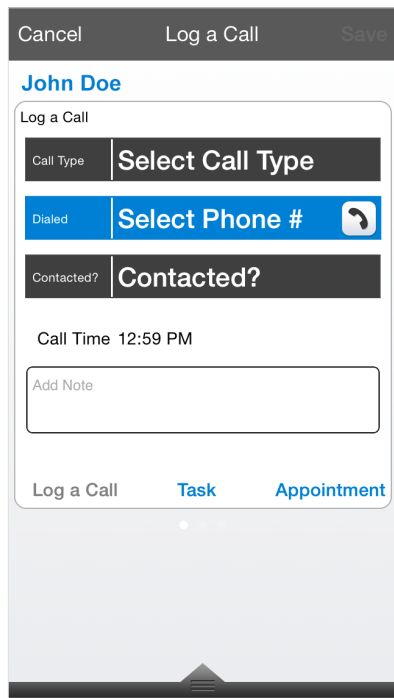

See a summary of today's activity including your Tasks and Appointments. Click on the links to see more details for each section. Select a customer's name to bring up their dashboard.

To complete tasks select the icon for the action you want to complete. Icons can be toggled up and down, and left to right to view additional actions. You can add trades, vehicles, set appointments, view history, and more. When you add a trade you can click on scan to scan the bar code off the customer's vehicle.

You can log a call, add your notes, and click on the customer's email to send an email. Either you can type your email out or select from all available templates by clicking on templates to the right.

Click on the navigation button (three bar icon at the top left) to access additional functionality within the app, such as adding customers, searching/viewing inventory and setting up alerts.
